

USAOGX – CAPABILITY STATEMENT

USA Export and Import Oil and Gas Contract and Supply LLC

Company Overview

USAOGX is a U.S.-based international procurement, contracting, and supply partner specializing in **oil & gas products, refined fuels, industrial lubricants, petrochemicals, and global logistics solutions.**

We connect **government agencies, commercial buyers, and international importers** with **certified U.S. suppliers, refineries, and wholesale distributors**, delivering reliable, compliant, and cost-effective sourcing solutions.

With a growing global network, USAOGX supports clients across **North America, the Caribbean, South America, Africa, the Middle East, and Asia.**

Mission Statement

Our mission is to build **trusted supply relationships** between global buyers and verified U.S. suppliers by ensuring **transparency, precision in documentation, and hands-on communication** throughout every stage of procurement and delivery.

Core Capabilities

Fuel & Petroleum Supply

- Diesel (ULSD / EN590)
- Gasoline (E10 / E85)
- Jet Fuel (JP-8 / Jet-A)
- Industrial lubricants & base oils
- Bulk fuel sourcing and contract supply

Oil, Gas & Petrochemical Sourcing

- Refinery-direct and distributor-level procurement
- Specialty petrochemicals and industrial oils
- Wholesale and bulk commodity sourcing

Government Contracting & Procurement

- DLA / DIBBS RFQ sourcing and fulfillment
- SAM.gov opportunity identification
- Vendor sourcing, pricing, and bid support
- Compliance documentation and contract execution

International Trade & Logistics

- Import/export coordination
- Global freight and delivery management
- Support for government-approved importers
- End-to-end supply chain oversight

Who We Serve

- Government agencies (federal, state, local)
- Energy distributors and fuel importers
- Industrial manufacturers
- Construction and infrastructure firms
- Mining and transportation companies
- International buyers and commodity partners

Differentiators

- **WOSB Certified Small Business** – Eligible for set-aside opportunities
- **Direct Supplier Access** – Network of U.S. refineries and distributors
- **Global Reach** – Active support across multiple international markets
- **Speed & Flexibility** – Faster response than large corporations
- **Relationship-Driven** – Hands-on communication and deal execution
- **Procurement Expertise** – Experience with federal contracting platforms

NAICS Codes

- **324110** – Petroleum Refineries
- **424720** – Petroleum & Petroleum Products Wholesalers
- **424690** – Other Chemical & Allied Products Wholesalers (*add this – important for petrochemicals*)
- **488999** – Support Activities for Transportation
- **541614** – Logistics & Supply Chain Consulting
